6. College Meeting Update - Garrett (10 mins)
  - a. Garrett: I had a meeting with Amy from the College of Health Sciences. We had a meeting about what APSA does and she was amazed by the extent of what APSA does and how big our council was. She had a few requests for us and wanted us to reach out to her about promotion of events that are open to the general public and alumni. They would like us to start tagging the Faculty Instagram when we make posts so they can repost it. She was wondering if we would be interested in doing a newsletter and mentioned that they may have the ability to help us out with that, but I don't know if that is something we are concerned about. Also, if we have questions about using the University logo or Faculty logo, they would like us to run it by them to make sure we don't get into copyright issues.
  - b. Rachel: For an event that is open to the public, how would we send it to them?
  - c. Garrett: I think we would just email Amy. From my understanding, they used to help with planning of events and that is not their role now. They are far removed from the FoPPS whereas previously they only dealt with Faculty things. In terms of promotion, that is where they come in.
