

Semesterly report:

Ajay Passi 2nd year Social representative

- VP social formed a committee for Blue & Gold in mid-January
 - Focused on the planning/organizing/logistics regarding the event
 - Still ongoing due to cancellation; hoping to either host in the summer or sometime during the 2020/2021 school year
- RATT hosts a trivia night every week and I made multiple posts about it on our class page throughout the month
 - I had no affiliation with the event, this was a UofA event that was already organized
- Responsible for inviting my class to events hosted by VP social: Gils with Nils, Welcome Back Wings and the Curling Funspiel in January, Arcade Olympics and So you think you can Crib in February
- Organized a board game night with my class in February but the plan fell through due to lack of interest
- Sold tickets for all APSA events to the class of 2022, keeping track of the finances
- Did not use any funds this semester from my \$500 social rep budget
 - The leftover money would have gone to funding our Blue & Gold performance/video
- Semester was cut short and no other events that I inquired about were able to be held
