

Church Street Pharmacy
10631-96 St
Edmonton • AB
Phone: 780-426-7701

NOW HIRING!

October 14, 2022

Job description

Located in Edmonton's McCauley neighbourhood, we're proud to be part of a vibrant and diverse community. At Church Street, we believe in making an impact in our patients' lives beyond pharmacy advice. We take the time to explore each person's unique circumstances, learn their story and understand their concerns. By learning about our community and its needs, we're able to provide quality patient care.

Mint is currently seeking a student for clinical + assistant work at the store.

Weekend availability and some weekday availability are ideal - we are flexible with hours.

Pharmacy assistants are required to help support various Mint projects and patients. They will help in the safe and efficient dispensing of medication by our Mint Health + Drugs pharmacies in our inner-city Edmonton location.

This is a great opportunity for a pharmacy assistant who wishes to work as part of a concerted multidisciplinary effort to help the most vulnerable in Edmonton.

The successful candidate will be responsible for supporting pharmacists to prepare prescriptions, enter data, and assist with patient interactions at the store level.
