As done last year I will compile them into a Google doc and then share it on discord. Goals to advocate for Indigenous health from a pharmacy perspective. Advocacy for the program: Increase application from Indigenous students in the faculty. They have been going to events with Indigenous undergraduates. Planned events: Lunch and Learn during PAM - advocacy for indigenous health. They have been in Contact with Med, Dent, and Nursing for collaboration.

She is always thinking about the needs and concerns of her fellow pharmacy students and looking for ways to help, even when it means taking on extra responsibilities herself. The APSA Bear goes to Joana.
