Description Provided:

“We are currently looking to hire two enthusiastic and motivated pharmacy summer students for this coming summer.

These positions offer a unique chance to work closely with our leadership team on a variety of clinical projects, while also gaining valuable front-line clinical experience. It’s an excellent opportunity for students to deepen their understanding of hospital pharmacy practice, develop their clinical skills, and contribute meaningfully to patient care.

Additionally, I’d be happy to connect any interested students with those we've hired in previous years to hear about their experiences and insights into the role.”
