

Semesterly Report:

Sara Pocrnja

2nd Year Social Representative, Class of 2023

November 19, 2020

As social representative, I was responsible for a few things from August-December:

1. Organizing a socially distanced welcome-back picnic in early september at the Walterdale Hill, which involved sports and other activities.
2. Organizing a team to put together an orientation video for the incoming class of 2024 in early August.
3. Supporting CAPSI's Race Against Racism by encouraging participation through the class Facebook page.
4. Holding a pumpkin carving and halloween costume contest for the class as Halloween festivities (the winner received a \$10 Amazon gift card).
5. Attempted to hold a virtual Jeopardy Halloween party, however with only 4 RSVP's it did not happen.
6. Supporting other APSA events held by our VP social by sending out invites and encouraging participation to things like Music Bingo, Trivia Nights, etc.
7. Supporting the Movember foundation by encouraging donations and attendance to RxFactor and Unveiloween held by our VP external.
8. Constructing feedback from the class through Google Forms to guide my decisions on class events.
9. So far with the entirety of school being held online, there have been no costs to these events and so the APSA social rep budget remains untouched. The cost of the Amazon gift card came out of my pocket by choice.
