

Summer Employment Opportunities in Red Deer Alberta!

Spend your summer in a stimulating and rewarding work environment! Contribute in a meaningful way while learning about pharmacy practice in a hospital setting. Alberta Health Services, Pharmacy Services, Red Deer Regional Hospital is looking for:

Summer Clinical Student Pharmacists - Receive exposure to clinical pharmacy practice under the direction of skilled pharmacist practitioners and clinical pharmacy technicians. Get involved in direct patient care activities by performing medication histories, patient counseling, and responding to drug information questions. The student may also complete projects that are administrative based. Positions are recommended for students completing their first, second, or third year of pharmacist studies.

Invest in your future career and explore the role of pharmacy in a dynamic hospital setting!

If interested, please submit a resume and cover letter by email to Jason Howorko by March 14, 2025.
